Payments to Dependents of "Heroes and Martyrs"

ACTION REQUIRED . PETERICED

See Paragraph 3

DIR 06846

- 1. Forwarded under separate cover is a listing of all payments presently being made by AMIRON to dependents of heroes and martyrs. In addition to the AMIRON payments JMWAVE is directly paying the widow of AMCLAD-1 (see reference) and \$300 per month to the widow of AMCUSP-1.
- 2. It is considered most inadvisable to terminate benefits to these dependents aspecially so long as subsistence payments are continued to dependents of captured, missing and deceased strike force personnel. If these few payments were discontinued while the large group remained in a "pay" status the local repercussions would be loud and most embarrassing.
- 3. In any event it is difficult to arrive at a dollar figure that would constitute an equitable lump-sum settlement in such cases. Instead it is suggested that these payments be continued until such time as a decision is reached on dependents of deceased strike force personnel and final settlements be patterned after those decided on for the strike force group.
